WHY

ORALA...

BENEFITS

VALUE

SUPPORT

The Oklahoma Residential Assisted Living Association is a non-profit organization that represents owners and operators of residential care homes and assisted living residences throughout Oklahoma. We are dedicated to providing advocacy, communication, education and resources to our industry. Our membership includes small and large homes, private and nonprofit. We have been providing services to older individuals and individuals with mental health challenges for over a quarter of a century. We work closely with legislators, state departments, health and mental health professionals, and our local communities. We are unified in our goals to assure the highest quality standards of service to residents of Residential Care and Assisted living Homes within Oklahoma. What could be a better value for your dollars than this kind of support; we do what needs to be done.

For more information contact us at oralagroup@yahoo.com OR (405) 840-0727

ORALA has created a network of money saving programs for any of our affiliates.
The hard work of searching for value and support is over. We do that for you and with you!

ORALA is where you need to be!

Conferences are expensive

Benefits?... You say...

Conferences take up too much valuable time

What can I get from a conference that I couldn't get in class

WHY

ORALA ...
